

Vikings Tip Off Cage Season At Mancelona Next Tuesday

Team Will Lack Game Experience

The Grayling High Vikings will tip off the 1950-51 basketball season at Mancelona next Tuesday night when they and the Ironmen will meet.

With only two members of the Viking squad with varsity experience, the team will get a lot of underclassmen playing on the first team. Only Wilfred "Pee-wee" Laurent and Hank Feldhauser of the squad of 30 men, have had really experience with varsity play. They are both sure of starting spots with Laurent at guard and Feldhauser at center.

As the recent practice sessions have rolled around, it appears that Duane Worden will join Laurent to round out the guards with Jim Burch and Ellery Horning at the forwards. Laurent and Horning are seniors and Burch and Worden, sophomores.

Others who may break into the varsity lineup at anytime are Allen Luckstead, a freshman, Duane Sloan, a junior, Jim McClain, a senior, Skip Hanson, a junior, Delbert Joslyn, a sophomore, and Dave Owens, a freshman. Other seniors out for the team are Jack Kolka and Bob Sunday.

The second team is loaded with freshmen and if they come along as they should, the Grayling Vikings will be a power to be reckoned with on the basketball courts in a couple of years. Three sophomores, Dale Kenyon, Derek McEvers and Ronnie Larson form the experienced nucleus of the second team with the following freshmen, Marvin Bielski, Johnny Niederer, Larry Pond, Jack Millikin, George McEvers, John Schofield, Roger Kessler, Richard Atkinson and John Jackson.

This basketball season will also mark the first conference competition for Grayling in the new North Central Class conference. Other members in the new loop are Roscommon, Houghton Lake, Kalkaska and Lake City. The football season just ended marked the bow out of the Vikings from the Northern Class C conference.

New Fords Here Friday

The new 1951 Ford passenger cars, featuring new power combinations, Automatic Ride Control, and many refinements in styling, engineering, comfort and safety will be placed on display tomorrow (Friday, November 24) in the showroom of Welsh Motor Sales, it was announced today by Fred Welsh.

Mr. Welsh said the new power choices of six power combinations—Ford's new fully automatic transmission, the Ford over-drive and the standard 3-speed transmission, all available either with the 100 H. P., -8 or the advanced 95 H. P. six engines. There are 16 models in the 1951 line.

The new automatic transmission is called "Fordomatic Drive." The result of more than 4 years of research, it is the combination of a hydraulic torque converter and an automatic planetary gear transmission which operate together for maximum performance and efficiency and smooth flow of power.

Another outstanding feature of the 1951 car is the new Automatic Ride Control made possible by a combination of advanced type shock absorbers and a new type of spring suspension which combine to compensate for all types of road surfaces.

The new cars also offer the widest range of body colors and upholstery and interior trim combinations in Ford car history.

Many front and rear end appearance changes have been made, including adoption of a "dual shock" radiator grille for a lower and more massive effect, larger and stronger wrap-around bumpers.

Rear deck lids have concealed counter-balanced hinges and a new key release latch for ease in opening and keeping the lids raised for loading or unloading the luggage compartment.

The chassis frame has been strengthened and a number of important engine changes made. Both V-8 and Six engines now have automatic expansion control pistons whose top rings are chrome-plated to prevent scuffing of cylinder walls. All engines now have new water-proof ignition systems and rotating valves.

The dollar now is worth only 60 cents—lowest purchasing power it has commanded since 1914 when the federal reserve system was set up. This decrease in value is cutting the treasury's "B" bond sales. Ten years ago, if one invested \$75, the now gets \$100 in return—which still will buy only \$60 worth of food.

With the holidays comes bad weather. And already Michigan's traffic toll is pushing to higher figures. Safety officials hold their heads and ask drivers to use care on icy roads.

Senator Vandenberg's fight to regain health has become top news in Washington. Internationalists believe the powerful voice of Michigan's senior senator is needed if victory-flushed isolationists are not to reverse the whole recent trend of American foreign policy.

Two Michigan State College seniors will represent MSC at the national IFC convention, New York City, Nov. 24-25.

They are Bob Jensen, Grayling, and Ward Oursnik, Ann Arbor. All national IFC officers will meet to discuss fraternity problems, according to the representatives.

On this truly American holiday we give thanks for the many blessings He has deigned to deliver on us. We give thanks for the strength He has endowed us with, enabling us to preserve those liberties we have inherited.

We thank Him for the rich fields and bustling factories that bring us great wealth and comfort. And we thank Him especially for revealing His truth to us, giving the greatest wealth of all.

Today, as our forefathers did, we celebrate Thanksgiving with a deep appreciation of His generosity. But now, as then, we are faced with the necessity of carrying arms to protect ourselves from forces of darkness that threaten to smother the light of liberty. Yet, with faith in Him we are certain that liberty will conquer, as it did then.

Two Armed Robbers Crash In 80 Mile Hour Chase, Captured

State Police Make Arrest Within Hour

Two armed robbers were arrested by the State Police of the Gaylord Post within an hour of holding up Clair D. Melroy at his gas station in Frederic. Before the two hoodlums were apprehended a chase that went up to 80 miles an hour on icy, slippery roads ensued with shots exchanged between the police and robbers with two of the bullets striking the patrol car but not penetrating it. The wrecked car had not as yet been examined to determine if it was struck, but, no one in the melee was hit by bullets. The two armed robbers were badly shaken up in the wreck but not injured.

The arrest of the pair was made in less than one hour following the actual pickup of the Frederic service station. Warrants on a robbery armed charge were expected to be issued for the pair as soon as the State Police investigation of the men was completed. Just when they will face Justice Court here for arraignment could not be told at this time. All of the monies obtained in the robbery were found by the troopers on the hoodlums.

Cecil W. Brown, 26, of Flint, now on parole from there for non-support and Russell N. Doyle, 23, of Clio who has served time in the Federal Penitentiary for jail break and violation of the Dyer Act (taking a stolen car across state lines) are now in the Gaylord Jail. They will be brought to Grayling to face warrants of armed robbery and probably be bound over to face the January term of Circuit Court.

The car driven by the gunmen has also been established as stolen from Flint and both men admitting the robbery and the fact that the car was stolen, have said that a 32 calibre revolver and 22 calibre rifle used in the robbery and ensuing chase were taken from a cabin near West Branch after breaking into it. At this time, the State Police have not found the cabin to definitely establish this fact.

The two armed men held up Melroy at about 9 P. M. Tuesday evening and headed south. Apparently they then took a side road to the east and stopped and divided the loot. Then becoming confused in directions, they ended up back on US-27. By this time, State Police cars had blocked all roads to the north and east and west, while Crawford County Sheriff William Golnick had thrown a road block across US-27 to the south. Roads were patrolled by other State Police cars as far south as West Branch and in a like circle throughout Northern Michigan.

The robber's car was sighted by Troopers Charles Meyers and Joseph Fismel of the Gaylord Post.

Word has been received here of the death of Ben Edward Shore Jr., New Brunswick, New Jersey. He was a former Grayling resident about 30 years ago when he served as superintendent of the E. I. DuPont plant in this city. He later served as superintendent of the Bay City plant.

Funeral services were held in New Brunswick on Monday. His late wife was the former Miss Margaret Noonan of Bay City. Surviving are a daughter, Mrs. Jonathan C. Baker of Baltimore, Md.; and two sisters-in-law, Mrs. F. V. Piper and Miss Gladys Noonan, both of Bay City.

Roy Trudgeon Elected As Winter Sports President

Newly Elected Board To Name Manager

About 25 Grayling businessmen gathered at the Shoppenagons luncheon Monday evening to get winter sports operating again in Grayling and elected Roy Trudgeon, hotel manager as president of the group. A. J. Joseph was elected as secretary-treasurer.

Also elected was a new Board of Directors made up of Charles E. Moore, Charles D. Piper, Grover Cason, Carrol Wert, Dr. J. F. Cook, Alfred Hanson and

Robert W. Strong. The group decided that the Board of Directors should name the park manager.

To obtain a drawing account at the Grayling State Savings Bank for the park to operate from until proceeds should start coming in, twenty-one of those present signed a \$1,500 note with the bank. Nine more signatures will be obtained from some of those unable to attend the Monday night session making each signer responsible for \$50.00 if the park does not operate on a paying basis. Should the loss be less than the amount of the drawing account, the thirty signers of the note will share the loss proportionately. It was felt by those attending the session that with good winter sports weather, the park should operate without a loss and might possibly even show a small margin of profit.

As soon as deer season is finished work will start at the park in the way of getting it ready for winter operation. The group in charge are shooting for an opening between Christmas and New Years but it is still too early to tell if it can be accomplished. Windows must be replaced in some of the buildings, the ski tow re-equipped with new rope and the motors tuned up, the toboggan return needs repair and in all it is expected to take better than three weeks to put the Grayling Winter Sports Park back into operating condition.

Much of the equipment of the park is stored away at the Hartwick Pines State Park warehouse. This equipment will be delivered to the park when it is ready to operate and will all be put into working order.

Yule Trees Can Increase Fire Hazard

That Christmas tree you are planning to set up in your home could be a major fire hazard unless you take a few precautions, the National Board of Fire Underwriters warns.

Tests made by Underwriters' Laboratories, Inc., demonstrated that Christmas trees of average size are easily ignited and burn furiously. The blaze could easily start a dangerous fire in the home. Engineers of the National Board offer the following suggestions for making your Christmas tree safe:

1. Choose a small tree. It will be less hazardous.

2. Wait until a few days before Christmas to set up your tree.

3. Keep the tree outdoors until ready to set up.

4. Place the tree in the coolest part of the house.

5. If a radiator is near the tree, shut it off.

6. Do not use cotton or paper decorations unless they are flame-proofed.

7. Do not place electric trains around the tree.

8. Do not use candles. Use electric lights instead.

9. Make certain wires are not frayed. Choose lighting sets bearing markings which indicate listing by Underwriters' Laboratories, Inc.

10. Do not plug or unplug the lights beneath the tree.

11. Do not leave tree light burning when no one is in the house.

12. If needles near the lights turn brown, change the location of the lights.

13. When needles start falling, take the tree down and discard it.

Michigan Deer Are Quite Disease Free

Michigan deer hunters will be glad to know that the venison they are lucky enough to take home will be generally disease free.

For the most part deer are very healthy animals, according to Dr. Earl C. O'Roke, associate professor of forest zoology in the University of Michigan School of Natural Resources. Professor O'Roke has made an extensive study of diseases of wild animals.

Deer are subject to many of the diseases to which cattle and sheep are, such as anthrax, malignant edema, and foot and mouth disease. "As far as we know, none of these diseases are present in deer in Michigan at this time and there is absolutely no foot and mouth disease present in the United States now," Professor O'Roke says.

There are some diseases, however, that deer hunters should be acquainted with, he reports. Lungworms are extremely common in deer, but since the larval forms are microscopic in size the hunter will not see them. Heavy infections of lungworms, under certain conditions, can predispose the animals to pneumonia.

Liver flukes are also common. Professor O'Roke states, but usually escape discovery. "A hunter can detect their presence in deer liver by touching the organ and feeling what seems to be liquid filled pockets. A liver which is hard and stringy may indicate recovery after damage by flukes." The professor suggests that hunters carefully examine any livers they plan to eat.

Hunters may occasionally notice large black warts on the legs of deer. If these become so large as to interfere with the animal's running they may be broken open and become infected. Warts will not affect the quality of the meat.

"Nearly all wild animals are parasitized in some way or other at one time or another," the professor states, "but go ahead and eat the venison as you have always done and don't worry about parasites."

Calvary Baptist Ladies Meet

On Thursday, November 14, seven ladies from Calvary Baptist Church met at the home of Rev. and Mrs. Wm. Richards to lay the foundation for a missionary society. After a short devotional service plans were made to further the mission work during the month of December.

The next date for the ladies to meet will be December 6 at the home of Mrs. Edward Underwood. At this meeting officers will be elected and plans for a Christmas party will be underway.

After the business meeting, a lunch was served by the committee.

Don't forget. All ladies of Calvary Baptist Church. Plan to attend the next meeting and help get this organization started.

Joe really stepped up production with his new McCulloch

For high-speed logging, use a McCulloch. Light weight, power, and easy handling are the features that pay off if you want to make real money cutting wood—whether it's cordwood, posts, pulp, or big timber. That's why it pays to buy a McCulloch, the lightweight saw with the heavy-weight features.

Come On In

Within the next few days, stop by our store for a real demonstration of wood cutting. Or give us a call and we'll try to arrange a show for you at your place. There's no obligation. We want you to see what a McCulloch can do.

Lovells News

Mr. and Mrs. Harold Lynch of Detroit are spending the remainder of the month at their cottage. The first week of deer season they spent across the Straits.

Martha Stillwagon enjoyed the week end with her grandparents here in Lovells.

Mr. and Mrs. T. Morris have had a number of friends during the hunting season as guests.

The Lottenslager cabin has been well occupied during hunting season.

Another pancake supper will be served at Lovells Town Hall this Friday night. Proceeds to go to the Chapel fund.

Mr. and Mrs. Gus Korneke of Ann Arbor spent the week end

here at their cabin and helping out at the AuSable Bar. They turned home Monday. Jimmie and Susie Korneke went home with them.

Mr. and Mrs. Richard Coven of Ann Arbor enjoyed the first week of deer season at their cottage east of Lovells.

Don't forget the last Hunter's dance at the Town Hall, Saturday night, November 25th. Good music. Good time guaranteed for

all. Every cabin, cottage and homes were filled for the first week of hunting season. Many being lucky to fill their licenses.

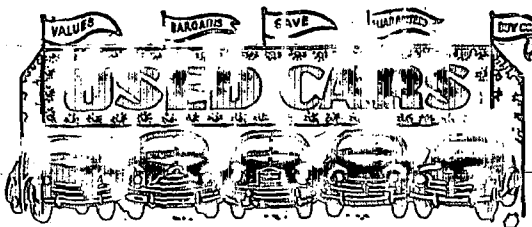

Among the Stillwagon hunters were Mr. and Mrs. Kurtz of Monroe and Mr. and Mrs. Raekes of Monroe, Mr. and Mrs. Schade of Fremont, Ohio, and Mr. and Mrs. Naus of LaSalle, Michigan, and Mr. and Mrs. George Hall of Detroit.

Don't forget Friday night, after the pancake supper an evening of social gathering will take place at Town Hall. Many nice prizes to be won by the lucky ones. Mr. and Mrs. Glenwaters and friends were here for the first week of hunting season.

Let us pause to give thanks on this historic day for the plentifulness and continuing spirit of freedom afforded us through the years by this great country of ours.

Here! THE '51 FORD STEPS AHEAD
Friday! ... FOR THE YEARS AHEAD!
WITH 43 NEW "LOOK AHEAD" FEATURES

See it Friday at your Ford Dealer's—the '51 Ford! It's the newest Ford! It's the finest Ford! And it gives you 43 new "Look Ahead" features—engineered and built into the car not just for this year and next, but for the years ahead!

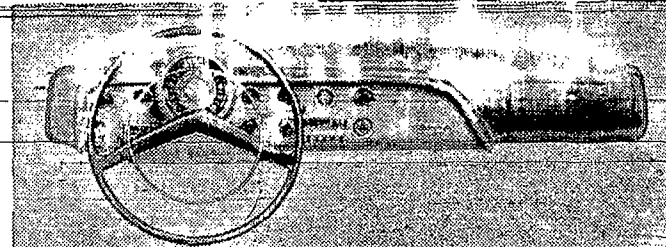

"Test Drive" the '51 Ford! You'll like the quiet "jet-away" performance of either the 100-h.p. Ford V-8 or the 95-h.p. Six... the ease of sure Centramatic Steering... and the extra safety of new, Double-Seal King-Size Brakes. And the '51 Ford offers three advanced transmissions—the Conventional Drive, the Overdrive,* and Fordomatic Drive,* the newest, finest and most flexible of all automatic transmissions.

*Optional at extra cost.

NEW AUTOMATIC RIDE CONTROL

... a new and unique springing system which automatically adjusts spring reaction to road conditions. Advanced "Hydro-Coil" Front Springs and new Variable-Rate Rear Spring Suspension team with new "Viscous Control" Shock Absorbers to give you an easy ride—a level ride. Stroboscopic illustration above indicates how car stays level when going is roughest.

Here are a few of the 43 new "Look Ahead" features in the '51 FORD

Now "Safety Glow" Control Panel... The new design places all controls literally at the driver's finger tips. New "Channelized" Instrument Cluster is easily visible at night without being distracting. New "Glow-Cup" Controls are individually illuminated... a Ford exclusive!

Now "Luxury Lounge" interior... with new long-wearing Fordcraft upholstery fabrics, new harmonizing appointments, smart new colors, new "Colorblend" Carpeting—the '51 Ford's new "Luxury Lounge" interiors are "decorator designed" for the years ahead. Interior colors and new Fordcraft fabrics are "Color-Keyed" to outside body colors!

Now Automatic Posture Control... moves front seat forward automatically at release of lever, raises it for shorter drivers. Push seat back, it lowers automatically for taller drivers.

Automatic Mileage Maker... saves gas automatically. New Waterproof Ignition System, including snug synthetic rubber spark plug boots, prevents engine being shorted out by moisture.

Come in and see it Friday

As Told In Russia

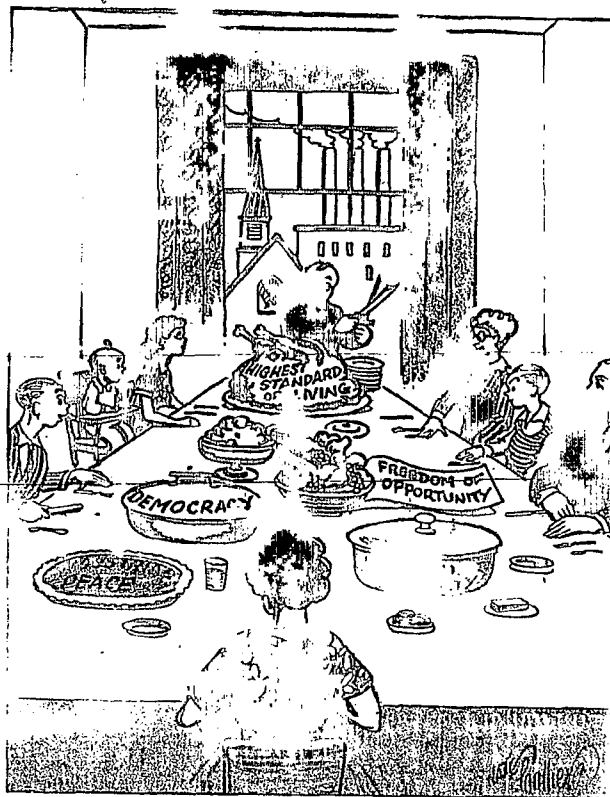

As a matter of policy, the Soviet government does everything possible to create fear, distrust and hatred of America among its people. Those who would like an insight into some of the techniques pursued would do well to read an article in the November American Mercury by Louis J. Herman, a specialist in Russian propaganda, called 'America Through the Kremlin's Eyes.'

The tenor of his article is found in this paragraph: "Did you know that Walt Disney was an arch-reactionary? That movie attendance is falling off because of public indignation at Hollywood's vile anti-Soviet propaganda? Or that crime is flourishing because the police are all tracking down progressive-minded Americans? Such cockeyed facts might be news to you, but every one of them is true—at least it says so in the Russian press, which is currently embarked on an extraordinary campaign of popular enlightenment about America and Americans. . . . For sheer volume, the current campaign to expunge the last tract of wartime affection for America from the Russian mind is in a class by itself."

In the field of sweeping generalities, Mr. Herman quotes this picture of America from a piece in the New Times, a Soviet Weekly: "A handful of plutocrats wallow in wealth and enjoy unlimited power, while tens of millions of ordinary people suffer privation and oppression. . . . In their crusade against all progressive-minded Americans, the monopolists are out to turn the United States into a land of police bludgeons and torture chambers."

So it goes, in huge volume. How many Russians believes it no one knows. But the fact is that very few of them have access to any other point of view.

It would be easy to let the
breath-taking power, the
luxurious-ride and the gleaming
good looks of a Buick sweep you
off your feet.

And once you've sampled the
sweet response of Dynaflo
Drive—you feel a big lack in
anything else.

But let's be practical about all
this.

What does it cost to buy—and
to own—this star performer?

The first answer is a look at
delivered prices—and most peo-
ple still are surprised to find

that a car which offers so much
actually costs so little.

That's true, whether you put the
SPECIAL, the SUPER or the
superb ROADMASTER against
other cars of comparable dimen-
sions. They certainly shine out a
first-cost basis.

But this is only half the story,
as you'll soon find out on any
used-car lot.

Year in, year out, the resale
prices of Buicks stay much closer
to first cost than the prices of

cars with lesser merit.

And among recent models,
Buicks with Dynaflo Drive
command such a premium that
you can almost figure you get
this dream drive for free.

So why not let yourself go? Why
not walk right into your Buick
dealer's now and say, put me
down for one of those!

There's no time like the present
for showing your good judg-
ment.

School Features
History Exhibit

The Grayling schools will sponsor
an exhibit of three hundred
priceless original pieces of Americana
in the High School Gym
from 9 A. M. through the evening
hours, on Monday, Dec. 4.

Authentic historical papers dating
back before the Revolutionary War,
newspaper of great age which
report happenings that affected
the history of our country are
among the exhibits many famous
pieces.

Newspaper reporting the deaths
of Presidents Washington, Lincoln,
Garfield and McKinley will
be shown along with the original
death list from the Battle of Concord,
1775. Also on exhibit will
be first hand accounts of the War
of 1812, Mexican War, Civil War,
Spanish-American War, Armistice
and Near Armistice Papers
from World War I time.

This exhibit is the only place
outside of Washington, D. C.
where so many historical pieces
could be viewed at one time. It is
a very much worthwhile exhibit
for the school children of Grayling
and the addition of evening
hours makes it possible for the
citizens of Grayling to view the
priceless papers also. The exhibit
is sponsored by the United American
Historical Foundation in the
interest of making better Americans
of us all by appreciating the
sacrifices and greatness of our
illustrious forefathers. There is no
charge to view the exhibit but
donations to defray expenses are
accepted.

Shop II Class
Visits Bear Archery

On November 14th the Shop II
class visited the Bear Archery
factory to study the use of jigs and
fixtures in industry.

Mr. C. D. Piper explained the use
of various machines such as sanders,
routers, shapers, planers, band
and circular saws in the production
of bows. He demonstrated the use
of jigs and fixtures and showed
how they help to speed up production
as well as improve accuracy in
the construction of a bow. By being
able to use machines for most of
the work the cost of producing
bows is reduced. Many hours of
hand labor is eliminated.

Mr. Robert Meaker demonstrated
the use of different types of files
in the hand finishing operations as
well as sandpaper. He demonstrated
how the bows were tested for
"pull." Mr. Meaker demonstrated
the use of a planer and templates
in industry.

The next department visited was
the one where arrows were made.
Mr. Matt Edson explained and
demonstrated the steps necessary
in the making of an arrow from
the beginning to completion and
the painting. He demonstrated
the use of a large testing device
used in mechanically testing a bow.
Some bows are bent and released
as much as 55,000 times, showing
their great durability.

The class took a hurried look
at the leather working department
as time was running short and
they had to return to their
third hour classes.

The class wishes to thank Mr.
Piper for having given us the opportunity
of visiting their plant as
well as Mr. Meaker and Mr.
Edson for their fine demonstrations.

DODGE
"Job-Rated" Trucks
GIVE IT TO YOU!

IT'S A MATTER OF
better weight distribution

You can haul more payload than ever in a
Dodge "Job-Rated" truck, because the load
is better distributed. Most trucks carry too
much of the load on the rear axle—too little
on the front. Because the engine of a Dodge
"Job-Rated" truck is moved forward and the
front axle back, both axles carry the right
proportion of the load. That means you can
haul bigger payloads without overloading.

NOT THIS The payload on most trucks—
like the girl in this boat—rides
too far to the rear. Result:
there's too much weight aft,
not enough forward.

BUT THIS In "Job-Rated" trucks, the load is
moved forward—as the girl is now positioned.
Results: proper weight distribution—bigger
payloads—easier handling.

NEW! gyro FLUID DRIVE! Available on 1/2-, 3/4- and 1-ton

were week end visitors of his
mother, Mrs. Ellen Failing, in
Beaver Creek. The Failing, who
have been making their home in
Lawrenceville, Ill., have moved to
West Branch to live.

An Ode To The Knights

By a guest of Camp
Thunderbird

'Twas the night before hunting
And all through the house
Not a creature was stirring
Not even a Mouse.

For perhaps snowy weather,
And cold morning airs,
The red coats are ready
Spread over the chairs

The rifles are all neatly
Stacked in the rack
Polished and ready for word
To attack.

Each person is dreaming
I'll get my buck soon
At the very outside I'll be
Back before noon.

And out in the moonlight
Prancing in joy
The deer knew the dreaming
And said—"Silly boy."

At five thirty sharp Nobby
Shaking the furnace, and
Everyone's dressing all set and
In earnest.

After Tressa's big breakfast
And a quick check of gear,
Everyone's off to bring back his
deer.

The dark pre-dawn morning is
brisk
Though it's cold
And we half feel our way to our
Blind brave and bold.

We quickly get settled and note
as we thought
This is just the right spot for the
deer to be caught.

But after awhile it starts to get
light
Now maybe I don't have this blind
fixed quite right

It seemed awfully good when we
made it you know,
But I can't see out this way and
that's too low

I'd change the dry branches but
the noise would resound, so
I'll just keep down low,
though my postures cramped
round,

It's comfortable sitting on this
spot that I picked — except
what is that under me, acorn
or stick?

I'd shift just a little
But behind there's a sound —
I'm tense and I'm breathless
Do I dare turn 'round?

From the sound of the hooves that
I hear in the back,
It must be a buck with a very
large rack

I'll swing and I'll shoot before it
is gone

I whirled right around to the eyes
of a fawn.

It's a cute little thing
And stands if to say,
"You look awfully funny there,
come out and play."

But it's miles back to camp and
the hour's growing late, so I
journey along and
When I reach the gate! I can see
a buck hanging.

Who got it? I said — young Johnny,
they told me,
Right here by the shed
That's dandy; I mentioned, that's
peachy.

That's fine—but all the time think-
ing it could have been mine.

With a cocktail and dinner then
logs on the fire,
No longer half dead, how could
anyone tire? And
Teaching the girls the way of the
cards—

This is really the life and beats
working hard
With friends such as this up here
in the pines,
It adds up together as a wonder-
ful time!

Buck and Doe.

COUNTY NEWS

Frederic can boast of a very suc-
cessful hunting season, the town is
crowded with jolly good hunters
from all over Michigan, and many
from other states. Each house is
filled with relatives and friends,
wondering where each one will
sleep.

Many hunters have re-
turned to their home and some
will return to Frederic, also many
new ones are having their vaca-
tion this week and enjoying it in
the northwoods. We miss the
boys who are employed on the
lakes. Among those at their
cabins were Mildred Demeire and
Joe Warner, also her brother,
George Grubaugh of Alma, Mr. Al
Hunt and friends from Detroit,
Jim Chipman and his gang from
Fulo, Mary and Wes Atkinson,
their sons, Don and Jack, their
daughter and husband, Margaret
Thomas and husband, also Dale
Moyer of Fort Wayne, Ind., Wes'
sister and husband the Elton
Blacks of Fort Wayne, the White-
crafts, R. S. Weber and Bud
Cooke from Alma.

At the Lances were Claude and
Myrtle Dean, their son, Jimmy,
and Bert Lockwood of Royal Oak,
Herald Weber of Detroit, Russell
Moore of Grand Rapids, Cecil
DeMotte and four friends of
Blanchard, Charles Thompson,
three sons and two daughters and
their husbands of Alma, five from
Kalamazoo and two from Fort
Huron. Among these, so far four
bucks have been captured.

Russell Ferris of Alma, who has
been hunting in the north woods
called on Bertha and Speed Lance
Sunday. He was a member of
Bertha's dance band several years

ago.

besides being a good musician
Russell is the manager of the
Consolidated Freight Co. of Alma.
Charlotte Sweet and son of
Flint have been spending several
days of the hunting season with
her mother, Mrs. Alice Hoky of
Frederic.

We will sure miss Mr. and Mrs.
Wm. Gibson who left Frederic
Saturday morning for a trip
through Texas and Mexico. They
will tour these states during the
winter months and return to
Frederic in the spring.

The Krugers are now located
near Owosso.

Mike Hamilton and Joe Bero of
Flint are among the hunters at
Frederic. Mike says this is the
first year he couldn't hunt with
his good friend Hans Jungman.

At the Friars cabin were Henry
and Maggie, Joe and Gene Clark
of Owosso, B. and Ray Smith of
Traverse City. Ray was the
lucky one of their party. They
will all enjoy that big Thanks-
giving dinner with the Smiths at
Traverse City. (Remember your
diet folks.) The Friars and Clarks
are taking turns at looking after
the Tavern east of Owosso, and
hunting at Frederic. Any time
you are driving south it will pay
you to stop at their "Quaker Inn,"
they always entertain and treat
you right.

At the Alliton cabin are Jess
and Rob, Ross and June, her
daughter and husband of Owosso,
son, Levi and his friend Bill from
Flint. June and Levi were the
lucky ones to get their buck the
first day.

Clay Foster and wife of Alma
are at their cabin and really have
a house full of hunters.

Thomas Kavanagh and wife of
Carson City called on their friends
the Lances Monday afternoon,
while on their way across the
Strait. Other Frederic hunters
are Harry Hadlinger and party
from Mackinaw City, Willis Hel-
ter and friends from St. Johns,
the Petersons of Detroit, Art Big-
ham of Flint, Johnny Harmer, Mr.
and Mrs. Beagle also Mr. and Mrs.
Draper of Millington, Oddie
Shafer, Westphalia, Art Summons
and party from Fowler, Fred Lin-
denberg and Louis Butler of
Detroit.

Other lucky Frederic hunters
bagging their deer are Leo Post,
Harold Meredith.

For a few minor details Bertha
and Bessie entertained the "flu",
Mike and Joe lost their coats with
shells and licenses. A cabin
burned and left a few hunters in
the cold at DeWard. Jim says he
can't get any sleep and Bill who
had already lost his gun barrel
while pheasant hunting still con-
tinues to try his luck but as yet
no buck. Bing carries the
horn and jaws of the largest buck
seen in Frederic, yet loses it. Joe
became lost and scared the rest of
his gang with his terrible
screaches.

As this goes to press the snow-

flakes are softly falling, the
thermometer going down and we
are prepared for another big week.
The Frederic and Maple Forest
Sportsmen's Club put their project

over with big success. Several
happy folks left carrying their
Thanksgiving turkey or chicken.
